MODEL SESSIONS

You will receive three individual sessions at no extra charge at the beginning of your experience with JLCo. These sessions include the Project Beauty and JLCo headshots, as well as a custom creative session. Model sessions are curated by your ideas and the style goal determined by Jacie. Additional sessions are created and accepted for unique themes or styles for seniors. They are designed to push the envelope. A model session will NOT be in a sunflower field...you've seen it and you love it, we want extraordinary ideas! You may request AS MANY model sessions as you'd like! Additional models sessions are \$50 per session.

Group and/or marketing sessions may be arranged by Jacie for no additional charge. These sessions are not guaranteed during your senior year. We try to provide fun and unique opportunities for modeling but these sessions are not included in your investment for your senior package.

You may add HMUA (hair and makeup artist) to any and all of these sessions, you will pay the HMUA directly. Fees range from \$135-200.

You will receive a minimum of 5 digital images with print release from each session. Sessions are scheduled at Jacie's full discretion with your availability in mind. Model sessions will be rescheduled to accommodate any Jacie Leigh client due to weather or unavoidable circumstance. Model sessions may NOT be scheduled during October-December or April-May, as these months are peak seasons.
